5. **Delegations- given floor 7:20pm**
- is a Conservative Candidate for the 2025 election. is going around meeting people and towns to see what concerns they have and how she may be able to help.
Council informed the biggest issue in the community is the water. We applied for the MCW grant and have not heard back. The town needs better water supply. asked council if they were ok with her doing a post talking about the water quality in the Town and council all agreed that it was be fine. explained to council that a bi issue the government is having right now is housing and council explained to that we have the land, but we don't have the water supply in the subdivision, which causes a problem for the town to sell the blocks of land we own in the subdivision, so we are at a standstill.
